

■ Creating Community Solutions

September 18, 2017

Dear Colleagues,

The Community Planning and Advocacy Council (C P A C)'s Management Assistance Program helps non-profit agencies improve organizational and managerial efficiency, so they can increase the cost-effectiveness of their services, and their ability to compete for new funding. For many years, CPAC has worked very hard to bring your organization a full service Management Assistance Program at no cost to your agency.

With great consideration, the following changes took place this year. On April 1, 2017, C P A C enacted a \$3000 fee for a three year term of its Management Assistance Program and \$250 for the Annual Completeness Package. Please see the enclosed brochure for more information.

We hope to continue our valued relationship with you, and assure you our quality of service will be reflective of the professional standards demonstrated in our MAP process

Sincerely,

Diana Cooper  
President/Chief Executive Officer
